

LOAN⁺

REBUILD YOUR CREDIT. PROTECT YOUR VEHICLE. SAVE ON INSURANCE.

CONGRATULATIONS ON THE PURCHASE OF YOUR VEHICLE! YOUR CAR OR TRUCK IS EQUIPPED WITH A **LOANPLUS™** PAYMENT REMINDER AND STOLEN VEHICLE RECOVERY DEVICE THAT OFFERS YOU MANY BENEFITS... AND COULD SAVE YOU SOME MONEY.

HERE'S HOW IT WORKS

If you are late on a payment, you will hear 6 tones about 1 second apart every time you start the vehicle. **This is merely a reminder for you to make your payment by calling us at 1-800-531-4420.** If you do not contact us to make your payment within a few days after the warning begins, your vehicle will be disabled until you bring your account current.

Because we are concerned about your safety, the vehicle will never be disabled while the car is in motion and you may also be able to reactivate the vehicle if you are in an emergency situation. **Just call 1-877-745-6508 and you can obtain one (1) emergency use day per calendar month,** which will allow you to start the vehicle for 24 hours of operation.

There are many benefits for you with LoanPlus™. The payment reminder will help you rebuild your credit by staying current. And if your car or truck is ever stolen, LoanPlus™ acts as a stolen vehicle recovery system to help you get it back quickly. In fact, your insurance company may even give you a discount because your vehicle is equipped with a theft-recovery system. **Call 1-877-745-6508 for details.**

In SC, you may have the right to cure your delinquency under state law before we may disable your vehicle.
